

**Child & Family  
Alliance WA**

## **Purpose**

Lead the advancement of future-focused, evidence-based systems and sector practices that enable children, young people and families to thrive

## **Vision**

Unite and share the sector's collective knowledge to create meaningful change for children, young people and families impacted by systemic barriers

## **Values**

### **We are accountable**

We are open and transparent in the way we work, led by the voice of our members. We are accountable to our members, the sector and community for our progress and achievements in enabling better practices and systems for children, young people and families.

### **We work together**

We prioritise inclusion, equality and respect in all our relationships. We listen, share and learn from each other, valuing our diversity.

### **We are brave**

We are creative, courageous and proactive in advocating for and supporting the delivery of better solutions and outcomes.

### **We commit to partnership and self-determination**

We honour the self-determination of Aboriginal Community Controlled Organisations, children, and families, ensuring that decisions are made in true partnership—'no decision about us, without us.' With humility, we commit to listening deeply, learning continuously, and supporting the strength and wisdom of Aboriginal communities in shaping their futures.
